The Cambridge Art Walks Map

Traditionally Cambridge is considered to be a city of heritage yet there is so much exciting work being created here and now in a wealth of local independent contemporary art spaces.

This project has grown from a realisation of all the wonderful contemporary visual art spaces developing around the city and waiting to be discovered.

Cambridge Art Salon are acknowledging the growing contemporary art scene and see this map as a point of reference to the vibrant array of galleries within the local community.

Please take this map and enjoy your journey through the streets of Cambridge, off the well beaten track to discover the abundance of contemporary visual arts and culture that Cambridge has to offer.
